

SCG - Amateur Radio Union of Serbia and Montenegro
invites amateurs all over the World to the

2006 YU DX Contest

Objective

To contact as many stations around the world, as many ITU zones,
and as many prefixes starting with YT, YU, YZ, 4N and 4O, as possible.

Date and Time

April 15/16, 2006 (3rd full weekend of April).

"9 till 5", then some rest, and another "9 till 5":

Saturday 21 UTC - Sunday 05 UTC

Sunday 09 UTC - Sunday 17 UTC

Mode, Bands and Call

Only CW, all bands 1.8 - 28 MHz, except WARC bands.

Any band can be used at any time.

Check less active bands at half hour, i.e. 21:30, 09:30, etc.

Please avoid using DX band segments.

Cross band contacts are not permitted.

Use of DX spotting networks is permitted and encouraged.

Only one transmitted signal allowed at a time.

Using CQ TEST YU call is recommended.

Categories

LOWER QRP

LOWER LP

LOWER HP

UPPER QRP

UPPER LP

UPPER HP

(LOWER = 1.8, 3.5 and 7 MHz; UPPER = 14, 21 and 28 MHz)

(QRP = up to 5 W, LP = up to 100 W, HP = up to licensed power)

A station may appear in both LOWER and UPPER categories.

QRP stations need not sign "/QRP".

Exchange

Call sign + ITU zone number (RST not needed).

If a valid ITU zone is not received, please log 00 to get points for the QSO.

QSO Points

One QSO with a station per band.

1 point for a QSO between stations using prefixes starting with YT, YU, YZ, 4N and 4O.

2 points for a QSO with your own continent.

4 points for a QSO with another continent.

Multipliers

Different ITU zones, and different prefixes starting with YT, YU, YZ, 4N and 4O.

Multipliers are counted separately for each band.

Final Score

Total QSO points multiplied by the total number of multipliers.

Electronic Logs

- a. Times in UTC. Set your computer's clock before the contest. Add a note if not using UTC.
- b. Single log for all bands.
- c. Log all sent and received exchanges.
- d. Cabrillo IARU HF Championship template is the preferred format (call.cbr), but any fixed-format space-delimited ASCII text file will be accepted (avoid TAB characters). Please avoid sending Word, Excel or other complex file formats.
- e. For non-Cabrillo formats enclose a summary file containing:
 - category, callsign, ITU zone, name and address,
 - scoring information per band and total,
 - station description,
 - declaration that contest rules and amateur radio regulations in the country of operation have been observed,
 - your own remarks and suggestions.
- f. Use your callsign as the file name and in the subject line.
- g. Send your log no later than 30 days after the contest to: logs@yudx.net

Paper Logs

If at all possible, please type in your log using a text editor and email the file.

- a. Times in UTC.
- b. Single log for all bands.
- b. Log all sent and received exchanges.
- c. Enclose a summary sheet containing:
 - category, callsign, ITU zone, name and address;
 - scoring information per band and total;
 - station description;
 - signed declaration that contest rules and amateur radio regulations in the country of operation have been observed;
 - your own remarks and suggestions.
- d. Send the log no later than 30 days after the contest to:
Savez radio-amatera SCG
YU DX Contest
P.O. Box 48
11001 BEOGRAD
Serbia and Montenegro

Listings, Awards and Plaques

YU and non-YU stations will be ranked and awarded separately.

A minimum of 125 valid QSOs is generally required for all the Awards and Plaques listed below.

- a. YU DX CONTEST Awards for all substantial scores.
- b. ALLBAND Plaques for the best sum of LOWER and UPPER scores (the same power required):
 - ALLBAND QRP
 - ALLBAND LP
 - ALLBAND HP

Violation of the rules of the contest or unsportsmanlike conduct will result in disqualification.
